

Katherine Leigh

I have just got back from camp with the Al Shurooq School! It was amazing. One of the greatest experiences of my life! I want to send my thanks to all at McCabe. The children were all remarkable. The older ones spoke very good English for their age and I could just tell how happy they all were.

I feel you should advertise the opportunity of volunteering here. Miss Helen is desperate for people to come and it would be a mutually beneficial experience. I have had a brilliant time!!!

*Here are some pictures of myself, Helen and the children at the camp.

Katherine is currently volunteering her services at the Bethlehem Arab Society for Rehabilitation, run by Helen's brother Edmund. The McCabe Educational Trust were delighted to be able to support Katherine with a contribution to her travelling costs.

Katherine has promised to write to us about her work at BASR and we will feature her report in a future newsletter.
