

Great insight to Romania with an extremely knowledgeable Romanian guide.

Ostensibly to visit the painted monasteries and fortified churches of Romania but our guide gave us a very full introduction to Romanian history, religion, politics, arts and architecture. Comfortable coach travel and good hotels. The guide went out of his way to introduce us to local people, customs and food. The English tour leader was excellent and it seemed that everybody in our party felt the tour equalled or exceeded their expectations.

Rating for McCabe Pilgrimages:

Have travelled with our tour operator several times before and their standard of performance is always very high.
